## SPECIALIZATIONS

- Character Performance
- Acting for Animation
- Singing & Dancing for 3D Animation
- Storyboarding & Animatics
- Scene Direction

# ISABELLA PERLEE

3D Character Animator

## EDUCATION

### Bachelor of Fine Arts in Animation

Savannah College of Art And Design · 2020 - 2023

### Bachelor of Science in Multimedia Communications & Arts

Georgia Southern University · 2015 - 2019

## EXPERIENCE

### Character Animator

"My Goodbye" - Solo Animation Project Mentored by Hyrum Osmond · 2025

Developed and animated an original dramatic singing performance shot in Maya over several months. Originated the concept, built an animatic, and filmed live-action reference before animation. Applied iterative feedback and drawovers from weekly sessions with Osmond to refine facial performance, body mechanics, and shot composition. Features two characters in a confrontational setup, with a deliberately static secondary character to concentrate emotional weight on the performer.

### Animation Lead

ZERK · Atlanta, GA · Aug 2023 - Feb 2024

Led animation production on an ambitious thesis short film, with over 70 shots with a team of 20 animators working largely remote across varying skill levels. Gave ongoing shot feedback and drawovers, hosted late-night virtual help sessions, and personally corrected and completed shots to meet progression deadlines. Created presentations for in-person director sessions to address recurring issues across the team and align on creative expectations. Collaborated with the director on camera and shot updates during review sessions. Continued contributing beyond the formal production period to polish shots for final thesis submission and festival delivery.
